I hereby authorize the Seneca County Health Department to perform a site evaluation at the property described above.

I understand that these plans will be reviewed for compliance with the standards of the NYS Department of Health and the Seneca County Watershed Regulations. When applicable, plans will also be reviewed for compliance with the standards of the NYS Department of Environmental Conservation. Acceptance by the Seneca County Health Department does not guarantee that the septic system will function properly, & the Seneca County Health Department assumes no liability should the system fail to function properly.

I will not begin any construction on my septic system until this proposal is approved by the Seneca County Health Department. Upon completion but prior to covering, I will have a licensed Professional Engineer or Registered Architect inspect the installation so that he/she can certify to the Health Department that the installation was completed according to the approved plan. Failure to do so is a violation of the Seneca County Watershed Regulations.
